

Willowbank Risk Analysis and Management (RAMs)

We want you, your students and accompanying adults to have a safe and enjoyable visit to Willowbank.

The following document is a guide to help you to analyse the major potential risks involved with a school visit to Willowbank Wildlife Reserve; however, other unidentified hazards could be present. This document does not address potential risks associated with transporting groups to and from Willowbank.

It is recommended, where possible, that all teachers make a pre-visit to the Willowbank site and carry out their own risk assessment before undertaking an outing with children. At the time of booking a copy of 'Protocols for Groups of Children' would have been emailed to you and this covers many areas of potential risk.

Students should be encouraged to identify appropriate behaviour in relation to themselves, our staff, other visitors, animals and/or Willowbank property. If you do identify any hazards or witness any incidents please report to our staff as soon as possible.

It is essential that the students understand:

- The aims and objectives of your visit;
- How to avoid specific dangers and what standard of behaviour is expected (outlined in 'Protocols for Groups of Children');
- Why safety precautions are in place, and the importance of following the instructions of teachers, adult supervisors and Willowbank staff.
- Who is responsible for their group
- What to do if separated from the group

It is a requirement of your visit that students are supervised while at Willowbank. Our minimum ratios of supervision are:

1 supervising adult* to 5 students

*Supervising adults should not be accompanied by infants or other dependents while in charge of a group

In the event of an emergency, please follow the instructions of Reserve staff immediately.

Willowbank operates to relevant industry standards, and has been checked and approved by the following governing bodies: ZAA, Ministry of Primary Industries, Department of Conservation, New Zealand Fire Service.

Please email: admin@willowbank.co.nz or call (03) 359 6226 for further information.

VISIT TO WILLOWBANK WILDLIFE RESERVE – RISK MANAGEMENT PLAN

Date:	Class level:	Teacher in charge:
